

Norman Physician Hospital Organization- Norman Regional Health System
Primary Care Physician Assignment

Employee Name: _____

Date: _____

Employee ID: _____

Phone: _____

For the 2015 benefit year, NRHS employees enrolled into the care coordination benefit plan will select a primary care physician for both the employee and the employee's dependents. The primary care physician does not have to be the same for both the employee and the dependents, and the employee is welcome to change physicians at any point during the year. If a change in physician is favored, the NPHO care coordination team will need to be notified. If the employee does not have a designated primary care physician, the NPHO care coordination team will assist the patient in finding a suitable physician. For further questions please contact NPHO care coordination team. All records are kept confidential and in accordance with HIPAA regulations.

<input type="checkbox"/>	I have a primary care physician
<input type="checkbox"/>	I prefer a primary care physician be assigned to me
<input type="checkbox"/>	I am changing my primary care physician

List each employee and dependent primary care physician:

Employee	Primary Care Physician's Name

Spouse and Dependents	Primary Care Physician's Name

Please return completed form to NPHO Care Coordination Team by fax, mail, email:
